With Linda Reeves – Access® Certified Facilitator & Coach

If you are new to Access® and the Bars, Body Processes, Facelift, Access Sessions, etc, or if you have already done some Access®, **WELCOME**, you have made it here for a reason!!!!

We do have a magic wand that we call the Clearing Statement. You can get more information about this online: www.theclearingstatement.com This is also covered in the Access Bars® Class. While you are on the site there is lots of other information that you can look at.

I invite you to my website, www.lindareevesperth.com to find what you have been searching for. What else is possible? I would also love for you to give me feed back about how easy is to manoeuvre and find your way. I'm working on the new email and learning how to use it so please use this so that I can respond from there.

You will receive my future News Letters with some tips and tools each month and May 2020 being No 1. Back about 7 years ago I was doing these News Letters and got busy, and I had an interesting view that I didn't have enough to say. Well, I've sure turned that around and started to write again.

Access® has become a big part of my life after I found it over 10 years ago. A car accident had brought me to a halt from several years before, and I had been searching, modality after modality with very little change. Access® showed up and I was back to work within 3 months, (had been 3 years out of work with injuries) after some life changing classes and sessions.

Access® allows you to look at how you can change the way you have always done things and what if it could work for you too? Well maybe not, I was just wondering out aloud.

Even though time is not real, there hasn't been anything showed up in my life like the last 2 months, before. No warnings, it was there and in place with very little complaining, as what next?

What disaster has the Corona Viris created for the world? Let's look at Perth first? How grateful are we that we haven't been in the thick of it? Now look further around the world and recognise that there has been some big fall out. Stop for a minute!!! Now what Gift has it created, changing the world? What do you know? What I do know is, the world won't be the same as it was.

What if it can allow in more consciousness to show up on the planet. You are here, I'm here, so what do we know that we don't believe we know? How much have we been being the energy, to spread the seeds of consciousness for so long and movement of the energy started to gain a momentum, **with the major assistance of all the amazing peeps of Access Consciousness® and the questions of the Phenomenal Founders – Gary Douglas & Dr Dain Heer?**

So, what have you all been creating? **The amazing Access® Teams have done Facebook Live Events** while in their isolation and this has been such a great assistance and motivation to me particularly, and of course many others who would have received lots from that. I'm so grateful for this, as it has had me stretching myself to places that I realised that I was not really choosing, that now actually committed to, and be the energy to create what I wasn't creating.

My choice was to go set up some online classes, to keep the energy going out there, to empower you to know that you know. **The brilliant Lauren Marie from Queensland** offered an online Class to get your Websites up and running and operating an Online Business. I noticed that some other local Perthites (cheers guys) have jumped on board and committed to this too. It has been awesome and where on earth would we have had the time to create this if we weren't at home..... although, still not completed the whole website yet, with not much more to go..... Never give up, never give in, never quit!!!!

A tool for the day: Do you know that judging you is unkind to you? How much do we think we are the problem and judge ourselves all the time? What if you were willing to know that you have a greatness that you are, and not buy the judgement, even if it comes from someone else? Instead, what if you were to say to yourself, interesting point of view I have that point of view, interesting point of view they have that point of view a few times and it tends to free you of being stuck in the judgement.

Thank you to those peeps who came online to attend my Clarity Nights and How to Become Money Workbook Calls. How cool is it to play online when we are not able to come together in the room? The energy still works online, subject to what our points of view tell us.

Online Foundation Class is on 23rd-26th May 2020 over phenomenal 4 days, if you would like to join us. You may have pre-requisites running out and like to be online for a repeat Class. Or you may have done a Bars Class and now is the time to receive the change that Foundation will gift you, while we are all (most of us) still at home. If it is light for you please either contact me or use the link here:

Massive change from this class, I wonder what that will create for the Foundation Class the week after. I'm excited to be joining the COP. Anyone else doing it too?
